

# **Research Paper Writing**

## **What to Do Now**

- 1. Review research paper examples.**
- 2. Review "Getting to Your Main Points"**
- 3. Decide if your main points are strong enough.**
- 4. Review "Research Paper Formula"**
- 5. Review "Making Arguments and Writing Paragraphs"**
- 6. Review all information on how to avoid plagiarism on Turnitin.com and Nuts and Bolts.**
- 7. Continue to use Nuts and Bolts as the best resource.**
- 8. Attack the paper one (1) point at a time. Do this by writing separate "essays" for each point and then combining.**
